

**World's Fair.
HIGHEST MEDAL
awarded to
Dr. Price's Cream Baking Powder**

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. This verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

NOTE.—The Chief Chemist rejected the Alum baking powders, stating to the World's Fair jury that he considered them unwholesome.

NORTH TOPEKA.

Items of Interest from the North Side of the River.

Mr. and Mrs. John Anderson, of Wabunsee county, are visiting friends in the city.

Mrs. J. F. Carter returned yesterday from Marion, where she has been visiting for some time.

There was a public dance at Lukens' opera house last night. About thirty couples attended.

Mrs. W. S. Kale and Mrs. N. F. Conkle will entertain at the home of the latter tomorrow evening.

Mrs. George W. Browning, of Council Grove, is visiting friends in North Topeka. She will remain over Sunday.

Mr. and Mrs. Reppert will arrive Tuesday from Fremont, Ind., and will visit Mrs. Reppert's sister, Mrs. F. M. Tuttle for two months.

Evangelist Rose closed his engagement in the city with his lecture last night. Twenty-nine have been added to the church. Pastor Ingels, assisted by Singing Evangelist Martin, will continue the revival at the new Christian church. Services every evening.

Dr. Wallace received a curiosity from her nephew in Arizona. It is a pair of miniature Indian shoes made from pottery, and they are an exact representation of the footgear worn by the Pueblo and Mojave Indians. They were found in one of the numerous ruins of the Cliff Dwellers.

Mrs. Steinberger and little boy of Silver Lake were driving on Kansas avenue near the Union Pacific depot yesterday when their horse became frightened at an electric car and ran away. The buggy was upset and Mrs. Steinberger was seriously bruised about the head and shoulders. The little boy escaped uninjured.

Dr. Davis' little son was sent to the barn on an errand the other evening, but he returned to the house at full speed with his face a ghastly white, shouting: "There's a man in the barn! He said, 'Who's there.' At this the doctor and several others armed with all kinds of

deadly weapons surrounded the stable and cautiously opened the door, when a little kitten was found securely held in a steel trap.

DR. PARKHURST WORN OUT
He and His Wife Will Go to Lakewood for a Week's Rest.

New York, Nov. 8.—For the first time in many weeks Dr. Parkhurst remained at his home all day. He is utterly worn out with his hard campaigning. "I could no more make an address than I could fly," he said. "I am squeezed dry. I haven't an idea in my head. You couldn't get one out of me if you put me through a wringer. I was very anxious for fear that my voice would break down."

Dr. and Mrs. Parkhurst will go to Lakewood the latter part of the week and remain there for a week or a fortnight in order that they may have perfect rest and recover from the exhaustion of the campaign.

CHINESE CAUGHT.

Japanese Entrap the Chinese Vessels in the Bay at Port Arthur.
London, Nov. 8.—A dispatch from Shanghai says that consternation has been caused by the discovery that Tel Yang squadron has been caught in a trap at Port Arthur by the Japanese, owing to the neglect or over-ruling of Li Hung Chang's orders.

Li Hung Chang disclaims any responsibility in the matter.
Dr. Colcord has finished the analysis of the stomach of John E. Lichty, who it was charged had been poisoned by his wife and reported to the A. O. U. W. lodge, at whose instigation the examination was made that there was no evidence of poisoning. Mrs. Lichty has not been arrested.

Boys' \$2 Wearwell shoes at Furman's.

Peerless Steam Laundry — Peerless Steam Laundry.

Try Furman's \$3 Warranted shoes.

Railroad Traffic

is concededly more rapid than by steamboat and certainly a more preferable mode of travel. In precisely the same ratio is the use of that great nerve-food,

Lion Nerve Tonic Restorative

preferable to any of the nostrums and so called nerve tonics at present on the market. The comparison is largely in favor of this preparation, as it contains the true and only known nerve foods—

**Nacent Phosphorus With
Bromo-Celery Phosphate**

and vegetable alkalis. It gives new life and energy to the prostrated nervous system. Simple stimulants are to be avoided as dangerous—you need a tonic that contains the essential elements of reconstruction, because the nerve cells and tissues are impoverished. LION NERVE TONIC RESTORATIVE is the only preparation that will do this for you, and do it quickly—if it doesn't cost you nothing, you get your money back. \$1.00 of all druggists.

PLEASANT, • POSITIVE • AND • PERMANENT.

WANTS TO COME IN.

Potwin Place Would Like to Be Part of Topeka.

IT NEEDS FIRE PROTECTION.

A Mass Meeting to be Held Monday Night to Discuss the Matter.

It seems probable that the city of Potwin will make an attempt to annex itself to the city of Topeka if Topeka is willing, the immediate cause of the move being fire protection. Potwin had a severe lesson the other night in the burning of Frank Willard's house and the council discussed the matter at its meeting Monday night.

At that meeting the mayor was instructed to order the clerk to draw an order on the city for \$100 and present it with the thanks of the city and council to Fire Marshal Wilmarth of Topeka for his assistance at the Willard fire.

A special meeting of the council has been called for next Monday night, to meet in the school house, and discuss with the citizens some plan for better fire protection. Several ideas have been suggested. Some think it would be enough to get a hose reel of the city's own to use at fires. Others think arrangements should be made with Topeka's fire department to be present and handle their fires. Still others are in favor of devising some means of annexing Potwin to the city of Topeka. All of the citizens of Potwin are invited to be present at the meeting of Monday night.

Several bills were also allowed.

The Topeka Water company was paid \$71.08 for sewer material and \$17.78 as the balance on an old bill.

E. P. Ewart was paid \$8 for sidewalk lumber and a bill of \$15 for grading West street was also settled. Two extra policemen that served Halloween were paid \$2 each.

CONROY & FOX TONIGHT.

Two Good Attractions for This Week at the Grand Opera House.

There will be a good attraction at the Grand in the musical comedy line this evening. Conroy & Fox will be there in "Hot Tamales." The attraction is spoken of as a highly successful one and this will be its first visit to Topeka.

Conroy & Fox need no introduction to the amusement public, as their former visits have established them as enterprisers. Their song, "Oh, Mr. O'Farley," made a pronounced hit. These two clever comedians appeared as the leading feature of "The Howard Atheneum Star Specialty Company." Miss St. George Hussey, America's greatest actress, singer and dancer, will appear as Holly Kelly, an Irish lass just landed. Josie La Fontaine, a very pleasing soprano, last season one of the principals with the Staat Opera Co., Vienna, will also share the laurels, as will the Allen sisters, dancers, Harry Fairbanks, a very popular tenor; Arlie Latham, late of baseball fame, who has surprised his many friends with his singing and dancing; Thomas Watson, a quiet comedian; Miss Evelyn Paddock, a soprano; W. F. Lorraine, basso; and others equally clever. On Saturday night the Grand stage will be occupied by that highly successful comedy drama "Charley's Aunt." The piece had a very successful run in the east and was highly spoken of.

AN ANNIVERSARY.

Irwin Lodge A. O. U. W. Will Celebrate

A grand musical and literary entertainment will be given by Irwin lodge No. 260, A. O. U. W., on Thursday evening, Nov. 8, in commemoration of the 26th anniversary of the birth of the order. Many of the most prominent members of the order will be present and deliver addresses. The program includes the Grand Master E. H. Wheeler, of Colony; E. M. Forde, grand recorder, Emporia; Hon. A. P. Riddle, past grand master, Minneapolis; and E. E. Murphy, past grand master, Leavenworth.

Col. Geo. W. Reed, the grand supervisor of this district, will deliver the address of welcome and Supreme Foreman Jos. F. Riggs, of Lawrence, the response. Grand Receiver T. A. Beck, of this city, and other distinguished members of the order will be present.

The Modoc club will assist Irwin lodge to entertain its friends, and the occasion promises to be one of the most notable gatherings of A. O. U. W. members ever held in the fourth supervisory district.

Light refreshments and oysters will be served free to all the members of the lodge, their families and invited guests. The order numbers 35,000 members in the state of Kansas, more than 2,000 are in the city of Topeka, and is the largest fraternal beneficiary order in the world.

ALMOST ESCAPED.

Three City Prisoners Try It But Only Two Men Succeeded.

There was almost a jail delivery at the city prison yesterday, but only two succeeded in getting away and they will soon be captured.

As Stone Guard Boyd was taking the prisoners in to dinner P. H. Carr, the tough young man who refused to work the other day and who had been fined \$25 for his sixth appearance in court as a drunk in a month, made a dash out of the yard gate, which was open to admit wagons. Boyd gave chase, and although he is pretty fat for a sprinter, he succeeded in catching Carr after throwing his club at him hard enough to break it and brought him back.

While he was out coupling on to Carr, Jerry Donovan, who was fined \$20 for stealing an overcoat this morning, and John Leland, who was fined \$10 for being drunk, and five more for being impudent, climbed over the back fence and ran down the alley. Boyd couldn't handle all of them, and of course Donovan and Leland got away.

The police are after them though, and they will undoubtedly be caught before night. No blame is attached by the department to the guard.

Schemehl Challenges Weston.

Chicago, Nov. 8.—Henry Schemehl has written a letter to Edward Payson Weston, challenging him to a six-day go-as-you-please walking contest for \$500 a side.

One word describes it—"perfection." We refer to De Witt's Witch Hazel Salve, cures obstinate sores, burns, skin diseases and is a well known cure for piles. J. K. Jones.

J. L. SHIVELY.

GETS THREE MILLIONS.

A Settlement Made on Mrs. Vanderbilt by W. K. Vanderbilt.

New York, Nov. 8.—Within the past fortnight the final financial arrangements are said to have been made between Mr. and Mrs. W. K. Vanderbilt. Colonel William Jay has been acting as the representative of Mrs. Vanderbilt since the quarrel has been made public some months ago.

The sum offered by Mr. Vanderbilt was computed after long and careful consideration by the family lawyers. It is understood to be \$3,000,000. She will take the sum mentioned in place of alimony and of her right of dower.

The splendid establishment in which she is now living known as "Marble House," on Bellevue avenue, Newport, was a gift to her in former years from Mr. Vanderbilt, and this represents nearly if not quite \$2,000,000. The dwelling cost about \$1,000,000 and the interior has been filled with the most expensive furniture, hangings and decorations. There has also been a vast outlay of money on the grounds. It is now a month since Mrs. W. K. Vanderbilt returned from Europe and went to Marble House. The divorce laws of Rhode Island are not difficult. Mrs. Vanderbilt has lived there for the necessary time to enable her to bring suit against Mr. Vanderbilt.

EXPECT BETTER TRADE.

Election Results Will Improve the Iron and Steel Market.

CLEVELAND, O., Nov. 8.—The Iron Trade Review this week says:

If all the postponed buying of the past two weeks should be materialized, now that the election is over for which buyers were waiting, there is a good week's business ahead in iron and steel. With few exceptions, iron and steel manufacturers are protectionists and now that the country is practically beyond the possibility of further advances toward free trade for two or three years at least, it is to be expected that the business policy of individual buyers will be governed by their judgment as to the improved outlook.

Sentimental improvement is already present; the next development to be expected is an improved demand for freer trading. The week under review has been uneventful in every selling center. For three weeks there has been a dwindling of the volume of business and salesmen have heard much of the desire of their customers to wait for election.

Some furnace men have been holding off for the same reason, preferring to take their chances on a more spirited market after a protection victory rather than push sales on the weak market that has been experienced of late. Chicago notes a fair volume of sales the past week in northern pig iron to the gradual increasing of the foundry business toward a better basis.

NEED PLENTY OF GUNS.

Capt. Sampson Says It Would Be Unwise to Cut Short Construction of Them.

WASHINGTON, Nov. 8.—Capt. W. T. Sampson, of the navy, organized by Bureau, has issued his annual report. In it he says that although the modern guns used by law are practically completed, it would be unwise to cut short the work of gun construction until a reserve supply is on hand for an emergency.

Of 481 Hotchkiss and 165 Driggs guns ordered, 236 and 50 respectively are afloat. Good smokeless powder has been made at the torpedo station, but the foreign powders are not satisfactory. There is an increased temptation to evade specifications and deceive upon passing materials.

VOLCANO IN OPERATION.

People in the Vicinity of It Have Abandoned Their Homes.

CITY OF MEXICO, Nov. 8.—The volcano of Colima is in an active eruption, and the people in the immediate vicinity are greatly alarmed, as streams of lava are pouring down the sides of the mountain, the flames being visible for many miles. They have abandoned their homes.

Police headquarters in this city report a total of fifteen deaths as the result of Friday's earthquake and the subsequent eruption.

The New Map of Kansas.

Size 22x16 inches; in colors. Revised and corrected in every detail with all changes up to date. Each railroad by separate color; express companies and lines over which they operate; the distance between towns; each county in a distinct color; towns and streams correctly located.
